[OBESITY] PROGRAM TARGETS KIDS' HEALTH

Cheri Daniels
and Jared Fogle

Indiana's first lady, **Cheri Daniels**, and Subway restaurant spokesman **Jared Fogle** will help 100 Central Indiana children take the first steps toward healthier lifestyles at the second annual Junior League of Indianapolis "Kids in the Kitchen" event Saturday.

The event at the Ruth Lilly Health Education Center will use a little hands-on fun to promote healthy choices that can last a lifetime.

Area youngsters, ages 8-11, will gather to don an apron, consider their eating habits and manners, and shake a leg in healthy exercise.
